EDUCATION

Vellore Institute of Technology – AP

Bachelors in Computer Science; GPA: 8.06

Vijayawada, India

Aug 2023 – May 2027 (*Expected*)

Narayana E-Techno School

CBSE – Class 5th to 12th

Bengaluru, India

May 2015 – May 2023

SKILLS SUMMARY

Languages: Python, SQL, JAVA

Frameworks: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn (basics)

Tools: Power BI, Excel, PowerPoint, MySQL

Platforms: Google Colab, Jupyter Notebook, Visual Studio Code

Soft Skills: Stakeholder Management, Rapport Building, Team Collaboration, Communication

WORK EXPERIENCE

Data Science and Analytics Intern | [Link](#)

January 2026 – May 2026

Graphura India Private Limited

Remote

- Leveraged Python and SQL to clean and structure large datasets for accurate reporting.
- Developed dashboards for insights.
- Developed Machine Learning Models for better accuracy and performance.

Data Analyst Intern | [Link](#)

August 2025 – November 2025

Arham World

Remote

- Generated and qualified over 500 leads for the Education Wing through targeted market research and data cleaning in Google Sheets.
- Applied machine learning techniques to extract meaningful insights from datasets.
- Designed and built an interactive dashboard with pivot tables, charts, and slicers to visualize and analyze lead generation data.

Sports Analytics Intern | [Link](#)

September 2025 – April 2026

Sophie Claire M

Remote

- Focused on video scraping and statistical analytics of athletes.
- Analyzed match data to develop actionable performance improvement metrics.

PROJECTS

Data Analytics Intelligence Platform | *Python, Pandas, JavaScript, React* | [Repo Link](#)

- Engineered a data pipeline using Python and Pandas to extract, clean, and aggregate 17 years of time-series data across 15 organizational entities.
- Built interactive full-stack dashboards using React and JavaScript to visualize historical trends, operational strategies, and performance metrics.
- Architected a scalable, role-based filtering console to support data-driven valuation and resource allocation decisions.

CERTIFICATES

Getting Started with Microsoft Excel | *Coursera* | [Certificate](#)

- Strengthened skills in spreadsheet navigation, data entry, and formula-based analysis.
- Achieved 100% score and applied Excel for data organization and decision-making.

Introduction to Data Science Job Simulation | *Commonwealth Bank* | [Certificate](#)

- Developed pipelines for data aggregation and anonymization.
- Proposed effective social media analysis strategies and database designs for insights.

Business Analysis & Process Management | *Coursera* | [Certificate](#)

- Mastered core business analysis techniques, process modeling, and stakeholder requirements for process improvement initiatives.
